

Employment and training support

Beschäftigung + Bildung e.V. was set up as a local employment service in 1989. Since then, we've developed into a multipurpose service provider for employment and training support. As a non-profit-making organisation, the income we generate goes directly to support the association's purpose.

Our partners

- We cooperate with partners engaged in social projects, public or charitable institutions and private or public sector initiatives.

We are involved in

- PlusPunkt GmbH – an employment agency which offers professional job coaching
- assist newmedia GmbH – management services

For professional interface and ongoing programme development, we are members of

- Weiterbildung Hamburg e.V.
- Bundesarbeitsgemeinschaft Arbeit e.V.

If there's anything you'd like to ask – or perhaps you'd like to have a chat with us – we'd be delighted to welcome and advise you at our walk-in centre, info 37.

B+B's work is supported by the Free and Hanseatic City of Hamburg administration, the Hamburg Employment Agency and the European Social Fund.

We make people strong

Employment and training support services

Learning on-the-job and for the job

Our role

Beschäftigung + Bildung e.V. fulfils twin roles:

- We provide tailor-made and personalised products for integration into the world of work.
- We prepare products and offer services that improve the social infrastructure and upgrade public spaces.

Strategic approach

We are committed to the principle of “integration through ideas”. This is reflected in our diverse range of products which take us off in all kinds of different directions.

We are committed to both sides of the job market. On the demand side, we provide staff development services, while on the supply side, we are active in business consultancy. That’s how we’re able to access “hidden” vacancies whilst tapping into specific personnel requirements.

Quality assurance

We base our work on the expectations of our external and internal customers. We insist on a transparent and reliable structured process and regularly take time to reflect on our day-to-day tasks.

Our areas of business activity

Employment and skills: We offer fixed term contract work in various fields of activity – either with our partner companies or in one of our own establishments.

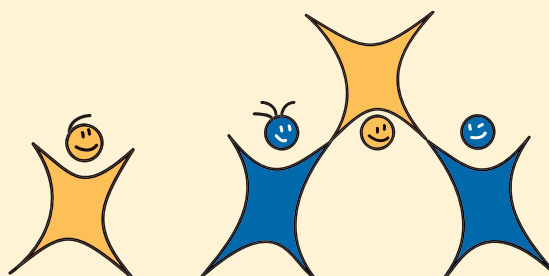

Training: We support young women and men who are looking for training positions or apprenticeships. And we accompany them and their training provider throughout their training.

Careers advice and pre-vocational training:

We provide support for young people in the transition from school to career.

Business consultancy: In our support for small and medium-sized companies, we’re strengthening the local economic infrastructure and generating job opportunities.

Voluntary work placements: We support both individual and corporate involvement.

Putting people to the fore

Our vision

We make people strong. That’s our motto. We have made a strong commitment to those who are without work or training, so that they have a better chance in the transition to an employment or training situation. We make people strong by respecting the cultural, social and personal needs of each individual and by providing specific support for their integration into the world of work. We believe our most important role is in providing skills for people who are unemployed by means of on-the-job training. To achieve this, we offer a supportive learning environment which encourages initiative and boosts self-confidence.

Our services

The following services are available from B+B for people who are unemployed or who are at risk of unemployment:

- Learning on-the-job and for the job
- Profiling and assessment
- Placement
- Work experience
- Skills training
- Personal and group coaching
- Motivational training
- Social counselling
- Supervision by one of our personnel development advisers
